PTE Print Trade Expo

Welcome to Print Trade Expo

Open 24/7 365

What's on and where

The 23,700+ Quick Print Pro subscribers are cordially invited to visit

Print Trade Expo, open 24/7 365.

Can be asked.

When print shop owners and their suppliers asked their favourite print trade magazine to put on a show...

... We could only say YES.

Print Trade Expo was born out of two years of cancelled shows, lockdowns, travel restrictions, general safety confidence and on the brighter side our QPP readers genuine thirst for news of new products and services.

We researched 3D augmented reality platforms, paper plane exhibition halls with fly through navigation and concluded; although these are a great showpiece for web design and gaming enthused players, that for us grounded print people the steering experience had to be mastered to travel from stand to stand.

Busy print personnel require a fewest clicks possible show scenario.
