Imagine. Roland® GCC FOREVER® DIGITAL TRANSFER APPLICATIONS TECHNOLOGY STAHLS' a GroupeSTAHL company

Welcome to our Textile Transfer catalogue

Grafityp UK Ltd has supplied the cad cut and print markets since 1991. We pride ourselves on the quality of products and service we supply and are constantly striving to improve all areas of our business. We are accredited to ISO 9001:2000 and regular re-assessment ensures we maintain our high standards.

Part of the International Grafityp Self-Adhesive Products Group, Grafityp UK Ltd holds over two million pounds worth of stock products for the Textile, Signmaking, Digital Printing and Laser Engraving industries.

Call us now to find out why every year more and more valued customers are turning to Grafityp for their equipment and material requirements.

CONTENTS

Grafityp UK Ltd have been partners with SISER for over 25 Years

Siser has 40 years of history in manufacturing heat applied films. These are manufactured to the highest quality standards, making them one of the leading manufacturers of thermo transfer materials in the world.

HTV Craft Supplies is Grafityp UK's online shop for small quantity purchases aimed at the smaller user and craft market.

GCC Jaguar V and Jaguar V LX

Create stunning designs for fashion wear, sportswear, workwear, promotional clothing, caps, footwear, bags, umbrellas and much more!

High Speed, Precision Cutting
Jaguar V incorporates a high-speed digital servo drive system that provides accurate, smooth and fast operation. The maximum cutting speed is 60 inch/sec (1530 mm/sec)

600 Grams Cutting Force
Selectable cutting forces, ranging from 5g to 600g, accommodates a wide variety of materials, including fine and thin masking films to thick and hard reflective films

AAS II- Segmental Positioning
Images can shift during the printing process which causes crooked prints. Jaguar V LX series features segmental positioning which can scan the registration marks one by one automatically to calibrate for the shift

Jaguar V

- FREE GreatCut software
- Section cutting
- Segmental positioning
- Multiple copies
